Thanks Stephanie! Just so others don't have difficulties subscribing to the database...there is a "space" between the R3 and Dimock in the Subscription ID.

Subscription ID: Ex. 6 - Personal Privacy

Password: Ex. 6 - Personal Privacy

Also, can I forward this info to SARAS? They are the ones who are now entering in historic data from Cabot-provided data.

Thanks,

Suddha Graves

Below is the subscription information for the Dimock historical data. There's still a lot of duplicate data in there but it's a start. I had to make a few changes to the template project to increase two field sizes but I'll make sure John has that information. I included the scribe import maps for samples and lab results so you can figure out where I put things. Let me know if you have any questions.
